**AMEND Senate Bill No. 3667**

**House Bill No. 3311\***

by inserting in subsection (a) of SECTION 1 of the bill as amended the language "infections" immediately following the language "assessment for MRSA" and before the language "in the facility."

AND FURTHER AMEND by deleting the language in subsection (c) of SECTION 1 of the bill as amended and substituting instead the following:

(c) Hospitals, nursing homes and other health care facilities should communicate, if known, the MRSA status of patients transferred or admitted to other facilities. However, facilities capable of meeting the needs of patients colonized with MRSA should not delay the admission or transfer of such patients.
